

# Winchester City Council Permit Zones Identification List

- > Use the table below to identify the zone in which your road is within.
- > Where there is more than one zone letter shown within a zone column below, or if it appears within both the inner and outer area, it indicates that different parts of the road fall within different zones.
- > Residents living on the main roads marked with an asterisk \* may be entitled to park within two permit parking zones. In these circumstances, residents will be allocated the zone in which they live and one other adjacent zone on their permits. Any location marked with two asterisks \*\* indicates that only residents of certain properties within that road may be entitled to park within two permit parking zones.
- > The roads printed in red indicate that they contain parking bays for permit holder use for the zone(s) printed in red in the adjacent column. The roads printed in black indicate that they do not contain parking bays for permit holder use. In the case of roads that cover multiple zones, only certain zones may contain parking bays for permit holder use.
- > If you are uncertain as to which zone your property falls within, please contact the Parking Office for assistance in identification. Any permit issued will only allow you to park within the parking places within the zone(s) shown on the permit.

## INNER AREA

Road	Zone	Road	Zone	Road	Zone	Road	Zone
Abbey Passage	S	Garden Lane	N	North Walls*	M/N	St Thomas Street	S
