### Assessment of Play Areas

---

The play area at the main recreation ground is of good quality but requires additional equipment to bring it to NEAP standard. The eastern part of the village is separated from the play area by the main A31.

Deficiencies: Standard, distribution.

Improvements Proposed: Upgrading of main play area to NEAP standard including the provision of a hard surfaced play space next the Parish Hall. Provision of a LEAP to the east of the A31.

### Assessment of Sports Grounds

---

The Parish's current provision is made up entirely of private sports facilities and, in addition, those at IBM are only available to their employees.

Deficiencies: Standard.

Improvements Proposed: Cricket Pitch needs improvements.
