SUMMARY

An application has very recently been received for an emergency capital grant of £2,500 from Winchester City Council to carry out essential roof repairs to Soberton Village Hall.

During the quite severe wind and rain storms in November and early December the flat roof of Soberton Village Hall has been leaking. A professional inspection of the flat roof has been completed and it is clear that urgent repairs are required. There is

concern that unless immediate action is taken, with the onset of the winter weather, there is a very significant risk of more water and frost damage to the fabric of the building. It is apparent that any delay in carrying out this work will adversely affect the current use of the hall and would undoubtedly lead to more costly repairs being required in future.

Except in exceptional circumstances under the Community Capital Grant Scheme Winchester City Council only supports parish based projects where there is a financial contribution from the Parish Council. In this case Soberton Parish Council has indicated that they will consider a contribution of £1,250 towards this project. In this case a WCC Emergency Capital Grant of £2,500 would be appropriate.

The total cost of carry out these essential emergency repairs is £5,110. In addition to the applications for funding from Winchester City Council and Soberton Parish an application has also been made to Hampshire County Council. Any shortfall can be met from the Soberton Village Hall reserves.

Winchester City Council maintains an earmarked Grant Reserve to ensure that emergency grant requests of this nature can be supported. The balance on the earmarked grant reserve currently stands at £30,887.87.

DECISION

That an emergency Community Capital Grant of £2,500 be awarded to Soberton Village Hall for urgent roof repairs subject to confirmation of a £1,250 contribution from Soberton Parish Council towards the total cost of the project.
