SUMMARY

Approval is sought for the attached Neighbourhoods and Environment Portfolio Plan 2013/14.

The concept of producing Portfolio Plans was approved by Cabinet as part of the Change Plans 2012/13: Consultation Draft report ([CAB2249](#), 9 November 2011 refers).

Positioned alongside the four Change Plans which capture only the most significant actions to which the Council is committed, the Portfolio Plans include many of the other actions, though less significant that still contribute to the overall delivery of the three outcomes included in the Community Strategy and the Council's own outcome to be an "Efficient and Effective Council".

Portfolio Holders will be responsible for monitoring the actions included in their respective Portfolio Plan through their regular discussions with the relevant Heads of Team.

DECISION

That the Neighbourhoods and Environment Portfolio Plan 2013/14 be approved as attached at Appendix 1.

REASON FOR THE DECISION AND OTHER ALTERNATIVE OPTIONS CONSIDERED AND REJECTED

The attached Portfolio Plan forms part of a suite of Plans with one for each Portfolio Holder. Each Plan includes the significant actions put forward by Heads of Teams that have not been included in relevant Change Plans which were approved by the Council in January 2013.

RESOURCE IMPLICATIONS

The resources allocated to the delivery of individual actions are largely contained within existing resources commitments for individual teams as part of the budget setting process. However, where insufficient resources are available, including either capital or revenue funding, this may be the subject of a future growth bid which will require appropriate Member approval before the project can be progressed.

CONSULTATION UNDERTAKEN ON THE PROPOSED DECISION

The Portfolio Holder for Neighbourhoods and Environment has been consulted on the projects included in the attached Portfolio Plan.
