**Please set out clearly why you are objecting to, or supporting, the specific areas of the plan. If you are objecting, please set out what change(s) you think should be made to Local Plan Part 2.**

	<p>The High Quality Places draft SPD is an excellent design summary, which CPRE Hampshire fully supports.</p> <p>Our comment is that it says little about the treatment of the edge of developments which border on countryside. As many housing developments in the District will be on sites extending the urban edge into the countryside, this is an especially important aspect of design. There are many cases of bad design over recent years - even larch</p>
--	---

lap fencing facing the countryside and bordering footpaths coming into the urban area from the countryside. I feel sure we can do much better than that, and good guidance in this document would help to ensure that we do.

Thanks

Christopher Napier
