Subject: South Wonston Village Design Statement

Dear Sirs,

Having had a vested interest in the village for over 20 years I have been looking carefully at the Village Design Statement for South Wonston. I would commend the work that has gone into the report and would like to suggest the inclusion of the following:

- 1 Provision for the improvement of the South Wonston end of Alresford Drove to make safer pedestrian access along the single carriageway section.
- 2 Provision for the construction of additional community buildings such as places of worship either within the confines of the village or in the area immediately surrounding the village as need arises.
- 3 Provision for a limited number of larger, say 4-5 bedroom dwellings of which there is currently a lack within the village.

I look for the sympathetic consideration of this request.

Kind Regards

Ben Guest
