Dear Sir/Madam

I write regarding the South Wonston VDS. It is mentioned on P14 that St Margarets church is the sole place of worship in the village, and as a resident I feel strongly that there should be provision for a community facility which could be used by other faiths as a place of worship. There are many persons in the village who would benefit from this, and perhaps this could work with a burial ground – the absence of which is noted on P15 of the VDS.

The access of such facilities is of prime concern – the village ‘hotspots’ are mentioned on P12 of the VDS so perhaps consideration could be given to using areas on the outskirts of the village, thereby avoiding increased traffic flow in densely populated areas. Alresford Drove would seem to lend itself to access for such developments, and thereby incorporating improvements to the highway for the safety of equestrian and other vulnerable users (as mentioned on P33).

Many thanks for your consideration of these matters.

Mrs E Holmes
