Dear Sirs,

I write as a recent purchaser of a property in South Wonston hoping to join the community there in the near future. I would like to express my concerns as to some aspects of the South Wonston Village Design Statement.

It states that the only place of worship is St Margaret's Church. With the wider community in mind I feel it is important that there is provision for a community use building that suits other faiths and denominations, creating a stronger community within South Wonston. If these provisions are going to be made available then safe access must be considered. The use of Alresford Drove for access to extra community space would be a benefit the whole village, eliminating an increase of traffic on residential roads.

I hope these concerns will be taken into account in the forward plan of South Wonston.

Yours sincerely
