

What would you like here?

- 1) Do you currently use the park and the neighbouring facilities?
 - a. If so, what facilities do you use?
 - b. And how often?
- 2) What's good about the park and facilities? And indeed the wider local area?
- 3) What would make you use it more, or improve your experience of the area?
- 4) If our project is to go ahead and we increase the size of the park area and facilities – which of these would be the top three things you like to see in a new expanded park and recreation area?:
 - Walking and cycle paths
 - Orchards
 - Running track
 - Bike park
 - Tennis court
 - Kids' natural play area

- Adventure play centre
- New community hall
- Boules court
- Biodiversity area, such as a wildflower meadow
- Natural ponds and swales
- A woodland area

5) Do you have an allotment in the local area?

If not, is this something which you would like for yourself in the new park area?

6) And is there anything else which you'd be particularly keen to see?

7) Which proposed housing development option do you prefer? And why?
