Subject: Comments CIL

FAO Steve Opacic
Head of Strategic Planning
WCC

Dear Steve

Wonston Parish Council do not have any comments regarding the collection of S106 monies but has grave concerns as regards the fair distribution of funds to Local Councils.

The Council is especially concerned where OS Funds have already been agreed but developments have not started before the cut off time when funds can still be drawn down from their OSF/CIL.

In particular, Wonston Parish Council has two large developments agreed by WCC but which are proving to be protracted.

The Council have projects planned for these monies, which are likely to be the last of any significance which the Council will receive from OS funding/CIL.

The Council believe that where funds have been agreed by WCC Planning that these should be honoured within the time of the agreed planning application (ie up to 3 years from the date agreed by Planning).

Regards

Sue
