

DRAFT PORTFOLIO HOLDER DECISION NOTICE

PROPOSED INDIVIDUAL DECISION BY THE PORTFOLIO HOLDER FOR PLANNING AND TRANSPORT

TOPIC – PARKING AND WAITING RESTRICTIONS, PEARSON LANE AND SHAWFORD ROAD, SHAWFORD

PROCEDURAL INFORMATION

The Access to Information Procedure Rules – Part 4, Section 22 of the Council's Constitution provides for a decision to be made by an individual member of Cabinet.

In accordance with the Procedure Rules, the Corporate Director (Governance), the Chief Executive and the Head of Finance are consulted together with Chairman and Vice Chairman of The Overview and Scrutiny Committee and any other relevant overview and scrutiny committee. In addition, all Members are notified.

If five or more Members from those informed so request, the Leader may require the matter to be referred to Cabinet for determination.

If you wish to make representation on this proposed Decision please contact the relevant Portfolio Holder and the following Committee Administrator by 5.00pm on Wednesday 4 July 2012.

SUMMARY

- Due to inconsiderate parking, congestion and safety issues, it is proposed that 'No Waiting At Any Time' (double yellow lines) be introduced along Shawford Road and parts of Pearson Lane, Shawford.
- It is proposed that a 3 hour restricted parking bay be introduced outside the commercial properties on Shawford Road, Shawford. The restriction will be enforced 10am to 4pm, Monday to Friday, 3 Hours Limited Parking, No Return Within 6 Hours.

- It is proposed that a single yellow line 'No Waiting 8am to 6pm Monday to Friday' be introduced in Pearson Lane to prevent parking during the week days and allow clear access for all along Pearson Lane.
- The proposal is in keeping with the Corporate Priorities in its attempt to improve traffic management, road safety and the environment.
- One letter of objections was received to the proposal.
- The letter of objection came from a commuter who parks in Shawford to use the railway station. The proposal is still going to allow on street parking but it is controlling that parking to prevent drivers from obstructing the residents who live in Shawford and prevent parking on corners and junctions which causes an obstructing to servicing vehicles and reduces visibility. As stated in the Highway Code, vehicles should not be parked on corners and bends and within 10 metres of a junction. Unfortunately drivers have been ignoring this which is why enforceable restrictions were proposed.
- The cost of the proposal will be funded through the Traffic Management Agency Agreement with Hampshire County Council. There are no additional enforcement costs.
- Copy of the plan showing the location of the proposals is attached (Appendix 1).
- Copy of proposed schedule and a statement of reasons are attached (Appendix 2).
- Copy of the proposal notice is attached (Appendix 3).
- Copy of the advertised order is attached (Appendix 4).
- Copy of the objection letter is attached (Appendix 5)

PROPOSED DECISION

- That the parking and waiting restrictions be introduced in those roads stated above as advertised and the Head of Legal Services be authorised to make the necessary order.

REASON FOR THE PROPOSED DECISION AND OTHER ALTERNATIVE OPTIONS CONSIDERED AND REJECTED

RESOURCE IMPLICATIONS:

The cost of advertising and implementing the traffic regulation order is covered by the Traffic Management agreement with Hampshire County Council.

CONSULTATION UNDERTAKEN ON THE PROPOSED DECISION

- Discussions with the Parish Council and the local ward member produced a draft proposal. This was sent to all residents adjacent to the proposed areas asking for their comments.
- The parish councillor for transport issues continued the discussions with the Shawford Residents Association chairman, the parish council meetings and also informed the Shawford Rail User Group.
- After having received and discussed the resident's comments with the ward members, a suitable scheme was prepared. This scheme was then submitted to the local Ward Members, Portfolio Holder, County Councillor and Police for their approval to proceed formally.
- All residents adjacent to the proposed areas were subsequently contacted by letter notifying them about the scheme being formally advertised for comment.
- Proposal notices were placed in the Mid Hants Observer and posted on street accordingly. (Appendix 3)

28th May 2012

Dear Sir

Letter of Objection to The Hampshire (Various Roads Compton and Shawford) (Parking Places and Restriction of Waiting) Order 2006 (Variation No. 1) Order 2012

I am writing to lodge my formal objection to the poorly thought through proposals for parking restrictions surrounding Shawford Station.

This is a village station, conceived to service the needs of rail travellers from the village areas of Colden Common, Otterbourne, Twyford and Compton, not merely the few who live in Shawford. I live in Colden Common and it is my local station, I am a local council tax payer and have commuted to London for the past 12 years. If I could have afforded one of the splendid houses in Shawford within walking distance of the station then I would have bought one, but the reality is that most of us have no option but to drive to the station as it is too far to walk and there is no bus service to get there.

It seems to me that the crux of the issue is one of placating the vocal few, in that the station has been there far longer than most, if not all local residents and is a much valued public transport node in an area sorely lacking in public transport. Virtually every house in the area you are seeking to impose restrictions on has a large drive and additional garage facility providing copious provisions for the residents to park off street with no inconvenience to them and let's remember that they were fully aware of the station when buying their house.

The station car park is wholly inadequate at providing a mere 30 spaces which are fully occupied by 6.30AM and I note that there are no proposals to provide alternative, sustainable parking, which most of us would happily pay for. There are also a few areas that are not included within the restrictions which will inevitably present a major health and safety risk if desperate drivers park there which is counter-productive.

In summary the proposals are poorly thought through and totally unacceptable in seeking to disadvantage those from the outlying villages who the station is meant to jointly serve. I would love to hear what the local residents would have to say if surrounding villages sought to make it unworkable for them to use schools, hospitals, shops and other services in our villages, as Shawford is hardly a self-contained community and we all have a role to play in the provision of community services. Indeed, any "residents" concessions should therefore apply equally to those living within say a 5 mile radius, as I am not seeking to defend any who may choose to drive there from outlying areas merely to avoid the parking charges found at their local station.

The irony is that the proposals will probably see Shawford Station close within short order as there is no point running a service from a station that gets minimal usage, in an age when we are all being encouraged to use green transport. Focus should be on controlling further expansion of the outlying areas without proper investment in infrastructure, not effectively allowing uncontrolled development to tick a box of meeting Government Housing Targets yet seeking to effectively reduce the infrastructure by making it difficult for the majority to use it.

Yours faithfully
