#### **SUMMARY**

Approval is sought to the detailed Business Plan for this Division. The Business Plan sets out the key tasks that the Division will undertake over the coming five years, with SMART (Specific, Measurable, Agreed, Resourced and Timed) targets (both through actions and performance indicators) by which progress will be measured and monitored. The Plan also gives additional information about the role of the Division, the resources allocated to it (in terms of both staff and budgets) and the key risks that are being addressed through its work.

Key actions to be undertaken in this Division are:

- Implement VM/SAN infrastructure
- Establish a Disaster Recovery Plan including testing of the plan
- Implementing Electronic Document and Records Management system
- Continue to undertake Business Process Re-engineering working alongside EDRM and mobile working solutions
- Continue implementation of Service Centre including back office integration
- Provide mobile solutions for the Council
- Continuing development of the web site to include spatial information, community and business information.

- Consider re-tender of the IT contract

The Head of Division is satisfied that the actions put forward in this Business Plan will work towards the Council's corporate objectives, as set out in the Corporate Strategy 2007-12 or otherwise ensure that the Council meets the statutory obligations place on it by central Government. Other than where indicated, these actions can be achieved within the resources available. Plans are in place, or will be developed, to ensure that targets shown for key performance indicators can be achieved in the timescale shown.

### **DECISION**

That the Business Plan for the IM&T Division be approved.

### **REASON FOR THE DECISION AND OTHER ALTERNATIVE OPTIONS CONSIDERED AND REJECTED**

Business Plans form an important part of the Council's performance management process as they set out the key actions for the coming year. The Business Plan put forward for adoption sets out the actions that will best help the Council achieve its corporate objectives and meet its statutory obligations within the resources available to it, as far as can be seen in the light of current circumstances. While alternative approaches would be possible in many parts of the Plan, the actions being recommended are believed to give best value to the authority.
