Applicant: Mrs Margaret Henderson
Proposal: T1 Beech. Remove lower limb or the following reasons:
Limb projects very close to 1 and 2 Marnhull Rise.
Together with the adjacent Holm Oak and Sycamore, the density of the tree canopy significantly reduces light to the gardens of the properties.
Size and extent of limb reduces rainfall to adjacent gardens.
Unreasonable burden of maintenance caused by excessive leaf drop in gardens and associated with local pigeon population which uses the limb as an advantage point, results in slippery surfaces to gardens and pathways which is a health and safety hazard.
