Extra bins

Collection teams will only collect **one** black bin from each household unless an extra bin has been authorised.

All waste should fit inside the black bin with the lid closed to prevent any spillages. We will **not** collect extra waste left next to (or on top of) the bin.

A family of six or more people permanently residing in the property or people with specific medical needs may be eligible for an additional bin.

Please visit

www.winchester.gov.uk/waste-and-recycling to complete an application form.

Additional bins will need to be purchased by residents or landlords.

We will
NOT COLLECT
EXTRA WASTE LEFT
NEXT-TO, OR ON-TOP
OF YOUR BIN
