SCHEDULE 2

PART I

TOWN AND COUNTRY PLANNING ACT 1971

Notification to be sent to applicant on receipt of his application

Your application dated was received on (a)

*[Examination of the form of application and accompanying plans and documents to ascertain whether your application complies with the statutory requirements has not been completed.]

If on further examination it is found that the application is invalid for failure to comply with such requirements (or for any other reason) a further communication will be sent to you as soon as possible.]

*[Your application relates to a county matter and [will be] [has been] passed to the county planning authority for determination.] [A further notification will be sent to you if it is decided in the light of further consideration that your application relates to a county matter and that it is necessary to pass the application to the county planning authority for determination.] [As the land which is the subject of the application lies within (b) National Park, the application [will be] [has been] passed to the (c) for determination.]

If by (d) *[you have not received notification that your application is invalid and] the authority dealing with your application have not given you notice of their decision (and you have not agreed with them in writing that the period within which their decision shall be given may be extended) you may appeal to the Secretary of State in accordance with sections 36 and 37 of the Town and Country Planning Act 1971 by notice sent within six months from that date (unless the application has already been referred by this authority to the [Secretary of State for the Environment] [Secretary of State for Wales]). Appeals must be made on a form which is obtainable from the [Department of the Environment] [Welsh Office].

* Delete where inappropriate.

- (a) Insert date when relevant document(s) referred to in article 7(2) were received.
- (b) Insert name of National Park.
- (c) Insert name of county council or planning board.
- (d) Insert date eight weeks from date of receipt of application (as given at (a)).

PART II

Notification to be sent to applicant on refusal of planning permission or on the grant of permission subject to conditions. (To be endorsed on notices of decision).

(1) If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the [Secretary of State for the Environment] [Secretary of State for Wales] in accordance with section 36 of the Town and Country Planning Act 1971 within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the [Department of the Environment] [Welsh Office]). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements, to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

(2) If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the [Secretary of State for the Environment] [Secretary of State for Wales], and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted he may serve on the Common Council, or on the Council of the [London borough or] district in which the land is situated, as the case may be, a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act 1971.

(3) In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 169 of the Town and Country Planning Act 1971.

EXPLANATORY NOTE

(This Note is not part of the Order.)

This Order consolidates, with minor amendments, the Town and Country Planning General Development Order 1973 and three subsequent amending orders, made under the Town and Country Planning Act 1971. The order is the general order, applicable to all land in England and Wales, providing for the grant of permission for the development of land under Part III of the Act of 1971 pursuant to the provisions of section 24 of that Act. Schedule 1 to the order sets out in detail the classes of development for which the permission is granted by the order itself under the provisions of article 3 (subject to the provisions of article 4). Provision is made by articles 5 to 9 for the manner in which application for planning permission (and certain other applications under Part III of the Act of 1971) are made and dealt with, and for the procedure in relation to the making of appeals to the Secretary of State in respect of such applications (article 20). Articles 10 to 18 provide for consultation and directions affecting the grant of planning permission; article 19 requires notice to be given to the applicant where an application has been referred to the Secretary of State for him to determine; and article 21 deals with planning registers. Article 22 makes provision for the manner in which applications for established use certificates are made and dealt with and for the procedure in relation to the making of appeals to the Secretary of State in respect of such applications. Schedules 2 to 6 set out the prescribed forms for the purposes of certain provisions of the Act of 1971.

The principal amendments made by this order to the previous order as amended are as follows:—

- (a) In article 2 the definition of “classified road” has been amended to take account of the amendments made to section 27 of the Local Government Act 1966 (under which highways are classified) by the Local Government Act 1974;
- (b) Article 15 (which re-enacts the provisions of article 13 of the previous order relating to consultations before grant of permission) contains an additional requirement that when an application is made to develop land on which there is a theatre the local planning authority must consult the Theatres Trust set up by the Theatres Trust Act 1976;
- (c) Classes XVI and XVII of Schedule 1 refer to the new Regional Water Authorities which were established by the Water Act 1973 in place of the former water, river and sewerage authorities.

A number of minor drafting amendments have also been made.
