

# West of Waterlooville

March 2019

Berewood & Old Park Farm

## Upcoming Residents Meeting

The next Residents Meeting will take place at Berewood Primary School on Monday 18<sup>th</sup> March at 7:00pm.

These meetings are open to everyone living on the development and are a great opportunity to meet neighbours and stay up to date. Please note these meetings are well attended by people from different parts of the development so to keep them relevant for all we will not be able to address individual issues.

If you need more information on how to raise an issue, who to contact, or to be added to our distribution list and receive updates, please contact the West of Waterlooville Community Officer Katie Bone (details to follow).

## Town Park Phase A

If you have been walking on site recently you may have seen the new skate park, Multi-Use Games Area and play area which forms part of the Town Park. Phase A is close to completion so keep an eye out on the West of Waterlooville Development News Facebook page for details of the opening event. In the meantime, please do not access the site as it is not safe and still under construction.

## Have you seen the new Gateway Armature?

Have you seen the new structure recently installed just off Milk Lane, near to the Town Park? Did you know this forms part of the Welcome Gateway to the development – the next stage is for trees to be planted and shaped to grow round the armature, the image below shows an artists impression of what the Gateway will look like once the trees have matured. This is part of a programme of public art being delivered by the West of Waterlooville Public Arts Panel, using funding from developer contributions, more news to follow!
