

YOUR NEW GLASS COLLECTION STARTS THIS OCTOBER AND YOU MAY HAVE NEW WASTE COLLECTION DAYS

Dear Householder,

We are pleased to tell you that a new kerbside glass collection will start from October 2019.

This service should make recycling easier and save you trips to the bottle bank.

From October we will be collecting your bottles and jars for recycling once every four weeks. We will supply you with a box for your 'empties', which you can use for storage and then put out on collection day.

If you live in a flat or other communal property, we will try to offer a larger shared collection bin similar to your other waste. If you have an assisted collection we will do this for glass as well.

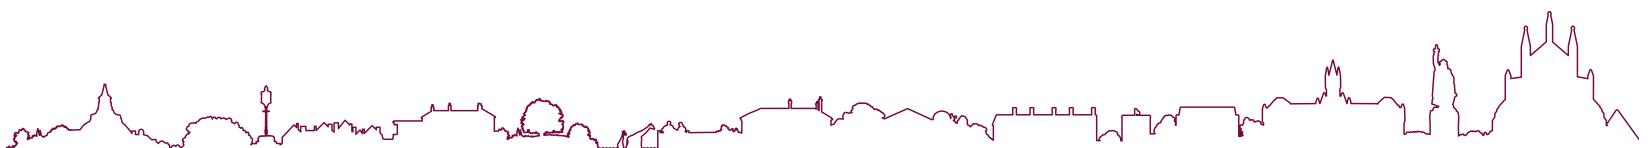

Your collection day for refuse, recycling and garden waste may be changing in October to fit the new collection in.

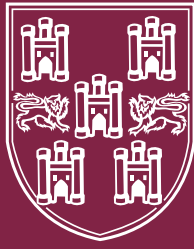

During August / September you will receive:

- A box for your FREE kerbside glass collection
- A letter with detailed information regarding your collection day
- A calendar, showing you your new collection dates

Don't worry, you don't need to do anything. We just wanted to let you know that these changes are on their way and we will be in touch again in August / September.

For more information please visit winchester.gov.uk/bins or call **0800 0086 050**

Winchester
City Council

Your new kerbside glass collection service will start in October

Please turn over to learn more about your
new service and your possible **change in
collection day.**
