**Proposal:** We propose to change the parking area at the property. The existing parking area would become part of our garden, and the wall at the perimeter of the property on the west side of Crabwood Farmhouse would be re-bulit. This wall was partly removed and the existing parking area created we understand in 2016, for which permission was granted in October 2015 (the case no. of the permission is 15/01950/FUL). To the best of our knowledge this part of what we propose would simply restore the position that existed until 2015.

We also propose to create a new parking area, on the other side (i.e. east side) of the property. There is an existing entrance to the property in the form of a timber gate for vehicles and we would create the parking area by this gate.
