On-street parking permits are available for residents of certain properties in Winchester, for parking their own vehicle and for visitor parking at their property.

Permits are not required for motorcycles, which may park free of charge in on-street permit parking places.

Disabled Blue Badge holders may park in on-street permit parking places and pay and display bays without time limit and free of charge while displaying their badge.

**PARKING**

A permit will allow parking during the restricted hours within the marked parking areas where the zone letter on the sign indicates the same zone as shown on the permit. As there may be more cars than places where permit holders’ parking places can be provided, the issue of a permit cannot guarantee you a parking space.

Some parking places are shared use with either pay and display or limited waiting. The permit allows parking in these areas where the sign states “except for permit holders” and displays the relevant zone letter. Where the sign does not specify the permit holder allowance for that zone permit, the permit does not allow an exemption to the limited waiting or pay and display restriction.

A parking permit does not allow parking on yellow lines during the restricted hours (single yellow lines in the majority of Winchester’s zones and Zone 6 are mostly restricted 8am-6pm, Monday to Saturday and those within Zones 2A, 3A, 3B, 4, 5 and Z1 are 10am-4pm, Monday to Friday). Nearby plates or where there are none, Controlled Parking Zone entry plates, should be consulted to establish the exact hours of restriction.

**PERMITS**

A Resident Permit is specific to the resident’s own vehicle and is used for parking that vehicle.

A Visitor Permit, or a Visitor Scratchcard Permit is for a person visiting or residing with the permit holder.

**RESTRICTIONS ON PERMIT APPLICATIONS**

Residents of newly built properties, or properties that have been recently converted may be subject to restrictions on the number of permits available. Affected properties are those constructed, converted or extended pursuant to a planning permission granted after 30th May 2002 for all Winchester’s single lettered permit zones and Zones 4, 5 and 6; for the Zone 2 areas, affected properties are those pursuant to a Planning permission implemented after 16th August 2012; for Zone 3 areas, there are no restrictions.

For affected properties, the number of permits available shall not exceed the number of permits that were available at the same site prior to the development. In some cases, Winchester City Council will be unable to issue on-street parking permits to residents. In cases where residential properties have been developed or extended as to the number of properties, the original permit entitlement is shared between the resulting properties at the site.

**PERMITS PER HOUSEHOLD**

Within Winchester, each permit zone is classified as either Inner Area or Outer Area. If a property has full permit entitlement without any restrictions as stated above, residents may apply for the following permits per household within a 12 month period: -

<table>
<thead>
<tr>
<th>Inner Area</th>
<th>Outer Area</th>
</tr>
</thead>
<tbody>
<tr>
<td>One Annual Resident Permit</td>
<td>Two Annual Resident Permits</td>
</tr>
<tr>
<td>One Annual Visitor Permit</td>
<td>Two Annual Visitor Permits</td>
</tr>
<tr>
<td>Two sets of 10 one-day visitor scratchcard permits</td>
<td>Two sets of 10 one-day visitor scratchcard permits</td>
</tr>
</tbody>
</table>

The Permit Zone Identification List on Page 2 of the Information section may help to identify the permit zone for your property.

**PERMIT PRICES**

If a property has full permit entitlement, without the restrictions as stated above, the permit prices are: -

<table>
<thead>
<tr>
<th>Permit Type</th>
<th>Price</th>
</tr>
</thead>
<tbody>
<tr>
<td>First Annual Permit of any type (Resident or Visitor)</td>
<td>£30.00</td>
</tr>
<tr>
<td>Any Additional Annual Permit</td>
<td>£70.00</td>
</tr>
<tr>
<td>Set of 10 Visitor Scratchcard permits</td>
<td>£13.00</td>
</tr>
</tbody>
</table>

In cases where permit entitlement is shared between multiple properties, it may be that another property already has one or more of the permits within the combined entitlement. Therefore, even if the permit you are applying for is your first permit, the £30 permit may not be available to you at this time.

A 50% or 75% discount is offered for a resident permit issued to vehicles with CO₂ of 90 g/km or less as shown within the Vehicle Registration document (V5). Full details are within the cost section of the application.

DISCOUNTS FOR RESIDENT PERMITS FOR LOW-EMISSION VEHICLES

If your vehicle was registered on or after 1st March 2001 and your Vehicle Registration Document (V5) shows the CO2 g/km figure of 90 or less, or is a wholly electric powered vehicle, you may be entitled to a discount on the price of your resident parking permit. If your vehicle was registered prior to 1st March 2001, the V5 document will not show the CO2 g/km figure and will not qualify for the discount.

The table below shows, of the qualifying vehicles, the discounted price, dependent on the level of CO2 g/km for the vehicle. The discount is only offered for resident parking permits. Where possible, the resident permit affected will take the place of the first permit that would normally cost £30. In the case of outer area residents who have two vehicles that qualify for low emission vehicle discount, the first vehicle will receive a discount on the standard first permit cost of £30 and the second vehicle will receive a discount on the second permit cost of £70. The table below shows the new prices after the discount.
