YOUR COMMENTS ON THE CASE

with reference to the appeal against enforcement notice issued by Winchester city council on the bungalow for commercial use of there swimming pool we are strongly against planning permission being granted because of the additional traffic this would create on and across a major public foot path . as they have already been in operation without planning permission the increase in traffic level has already been proven . we have had to direct vehicles off our property all of which the drivers have been looking for the bungalows pool . The foot path is very narrow and therefore puts pedestrians at risk of accidents with vehicles . The junction of the track with the main road is on a poor visibility section of road and as its a narrow track you have to wait if a vehicle is leaving , to go down the track resulting in have to stop on a blind bend in a 60 mph road To my knowledge there have been 2 accidents in the last year on that junction
