

## **Application for a Part B permit**

### **Environmental Permitting (England and Wales) Regulations 2010**

#### **Introduction**

##### **When to use this form**

If you are sending an application to a Local Authority under the [Environmental Permitting \(England and Wales\) Regulations 2010](#) and the installation requires an air pollution control permit (known as “Part B” installations).

##### **Before you fill in this form**

Please read relevant parts of the Defra [general guidance manual](#). Chapter 4 is about making an application, Chapter 7 is about how permits are decided, and Chapter 12 gives the meaning of Best Available Techniques (BAT). Other chapters introduce the Regulations and give information about various issues.

You also need to read the relevant [process guidance note](#) to see what standards and requirements are likely to be expected of your installation.

##### **Pre-application discussions**

It is usually sensible to talk to one of our pollution control officers before you complete and submit the application. Contact Environmental Protection Team on 01962 840222 ext.2172 (eh@winchester.gov.uk)

##### **Which parts of the form to fill in**

Please fill in as much of it as possible and enclose the appropriate fee. Then send it to:

***Environmental Health and Licensing  
Winchester City Council  
City Offices  
Colebrook St  
Winchester  
Hants SO23 9LJ***

##### **Other documents you may need to submit**

You will need to send us various other documents. The application form tells you which ones. It will be simplest for all concerned if you give a reference number for each document and record it on both this form and on the document itself. Please use any existing documents where you can and they are suitable.

##### **Using continuation sheets**

Feel free to use a continuation sheet, but you need to clearly identify where you have done so.

##### **Copies - not relevant for e-applications**

If you are submitting a paper application, please send the original and 1 copy of the form and all other supporting material, for consultation purposes.
