

WINCHESTER CITY COUNCIL DISCRETIONARY GRANTS SCHEME (ADDITIONAL RESTRICTIONS GRANT)

ELIGIBILITY POLICY

JANUARY 2021

Introduction

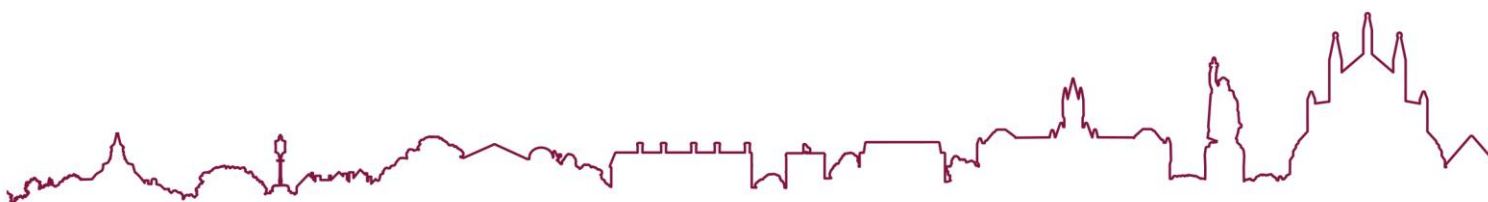

Following the announcement from Government of additional support for Local Authorities under national and Local COVID Alert Level 3 restrictions on October 31 2020, Winchester City Council has been awarded £2,497,180 to help businesses and organisations (referred to as organisations collectively throughout this policy) impacted by these restrictions under the Additional Restrictions Grant scheme. This is a discretionary fund aimed at those who are **not eligible to apply for the Local Restrictions Support Grant (LRSB)**. Details of the LRSB can be found [here](#). This policy deals with the Additional Restrictions Grant scheme only.

Winchester City Council recognises the ongoing challenges facing local businesses and organisations across the district that have been affected by the national restrictions introduced because of COVID-19. Therefore the Council is making up to 75% of its allocation available as a discretionary grant fund and has already made available an initial round of grants covering the period 5 November to 2 December 2020.

Following the announcement by Government of further national restrictions a new round will be opened for grant applications. Applicants who were successful in the first round of funding made available in December 2019 are eligible to re-apply for this second round of funding and any future funding rounds.

Winchester City Council will continue to make this funding available to businesses impacted by the national restrictions through future funding rounds until the 75% fund allocation is fully spent. **This is a limited fund and payments will be made on a first-come, first-served basis.**

The on-line declaration for eligible organisations will open on Thursday 7 January and close at 5pm on Friday 5 February 2021.

Which types of organisations will be eligible for this discretionary grant fund?
