This section contains information about parking with your permits and what to do when your details change or you need to renew or apply for further permits. **Please keep this section for reference.**

### PERMITS PER HOUSEHOLD

Within Winchester, each permit zone is classified as either **Inner Area** or **Outer Area**. If a property has full permit entitlement with no restrictions on the number of permits that can be issued, residents may apply for the following permits per household within a 12 month period: -

<u>Inner Area</u>	<u>Outer Area</u>
One Annual Resident Permit	Two Annual Resident Permits
One Annual Visitor Permit	Two Annual Visitor Permits
Two sets of 10 one-day Visitor Scratchcard permits	Two sets of 10 one-day Visitor Scratchcard permits

If you are unsure whether your property is one that has full entitlement, further information about properties with permit restrictions can be found online at [www.winchester.gov.uk](http://www.winchester.gov.uk). If you are unsure as to the property entitlement or availability of permits for your property, please contact Parking Services with your address details so this can be checked.

### USE OF PERMITS

Resident and Visitor permits must be displayed on, or adjacent to the near side of the front windscreen of the vehicle so that all the necessary details are visible: vehicle registration mark or the permit address for which the permit has been issued; the permit zone letter; the permit expiry date; the permit hologram. **Failure to correctly display any permit may result in the issue of a Penalty Charge Notice (PCN).**

If it is found that a permit has been sold or given to someone to use while not either resident at the property, or visiting the resident, the appropriate action will be taken. This may result in the cancellation of permits; refusal of any future permit application for the resident; and a penalty charge issued, where appropriate, to the vehicle in question.

### HOW TO PROVE ELIGIBILITY

When applying for a permit, a permit renewal or for change of address for a permit, a proof of residency will need to be provided. When applying for a new resident permit, or a change of vehicle for a resident permit, proof of vehicle ownership will need to be provided. If you are applying for the discount offered for a low-emission vehicle resident permit, please supply the Vehicle Registration Document to show the vehicle's CO<sub>2</sub> g/km.

Please see below for acceptable documents.

<u>Proof of Residency</u>	<u>Proof of Vehicle Ownership</u>

<p><b>If applying for permits at the time of initial occupation of property:</b></p> <ul style="list-style-type: none"> <li>Signed Formal Tenancy Agreement</li> <li>A letter from an instructed Solicitor or Licenced Conveyancer confirming completion of house purchase</li> </ul>	<p><b>If you have purchased the vehicle recently:</b></p> <ul style="list-style-type: none"> <li>Garage bill of sale or insurance cover note</li> </ul> <p><b>If the vehicle is a company car:</b></p> <ul style="list-style-type: none"> <li>A letter from employer confirming that the vehicle is owned/leased by the company and that you are the sole keeper and user</li> </ul>

### WHERE TO PARK

Permit parking places are marked out on the streets in white lines in the form of parking bays. The details and times of permit parking restrictions are given on nearby signs.

Your permit will allow parking within the marked parking areas where the zone letter on the sign indicates your zone as shown on the permit. These may be permit holder only parking places, limited waiting areas, or pay and display areas that have permit holder exemption. If your permit has two zone letters, you may park within the parking bays that indicate either of these permit zones. Vehicles must be parked wholly within the marked areas and not overlapping the lines, on the pavement, or blocking access to other people's homes. Due to some areas having limited space for parking, it is requested that drivers try to park as considerately as possible, using the edge of the parking bay area to allow maximum number of vehicles to use the space. Yellow lines show where you are **not** allowed to park. As there may be more cars than places where permit holders' parking bays can be provided, **the issue of a permit cannot guarantee you a parking space.**

The city is divided into inner and outer areas which are split into mini zones. Your permit will allow you to park within your mini zone(s) only, which is the zone in which your property is situated. Use the lists below to identify the zone in which you live. Some roads stretch across multiple zones and across the inner and outer areas.

Roads marked with an asterisk\* indicate that properties in that road will be entitled to two parking zones. Roads marked with two asterisks\*\* indicate that only some of the properties in that road will be entitled to two parking zones. In these cases, residents will be given the zone in which their property is situated and one other adjacent zone. If you are unsure which zone your property is within, contact Parking Services for clarification. Any permit issued will only allow parking within the zone(s) shown on the permit.

## CONCESSIONS FOR INNER AREA RESIDENTS

Holders of **Inner Area Resident** parking permits (for Zones B, C, M, N, P, Q, R and S) may, **on Saturdays and Sundays only**, park free in the following Winchester City Council operated car parks: Cattle Market, Chesil Multi-Storey, Coach Park, Gladstone Street, St Peter's, Tower Street and Worthy Lane.

**This concession is not available while displaying a Visitor permit, or any permit for the Outer Area zones.**

## SUSPENSION OF PERMIT HOLDERS' BAYS

Winchester City Council will occasionally need to suspend or partially suspend permit holders' parking bays for road works or other reasons. Advance warning notices will normally be placed a few days before the suspension starts, but if it is for emergency works this cannot be guaranteed.

It is the permit holders' responsibility to ensure that the bay in which their vehicle is parked is not suspended at anytime. It is recommended that permit holders check the status of the relevant parking place once in every 24 hour period to establish if there is any scheduled suspension or problem with their parking.

**If your vehicle is parked or left in a suspended parking bay it may result in the issue of a Penalty Charge Notice (PCN).**

## RENEWING YOUR PERMIT

When your permit is close to its expiry, if you wish to renew the permit, you can use our simple and quick to use online facility at [www.winchester.gov.uk/permit-renew](http://www.winchester.gov.uk/permit-renew). Alternatively complete a permit application form and submit with the correct document(s) and payment. Winchester City Council aims to send reminder letters for permits approximately three weeks before a permit expires, however this cannot be guaranteed. Parking permit forms can be downloaded online at [www.winchester.gov.uk](http://www.winchester.gov.uk) or requested by contacting Parking Services.

To allow time to process your permit renewal and for you to receive it, please ensure your application is made at least one week before the permit is due to expire.

## CHANGE OF VEHICLE (RESIDENT PERMITS ONLY)

If you change your vehicle, your resident permit will need to be updated to show the new vehicle registration mark. You will need to return the permit to Parking Services and provide proof of ownership of your new vehicle and the replacement permit will be issued free of charge. Documents that can be accepted as proof of vehicle ownership are detailed on page 1 of this information leaflet.

If unable to apply for an immediate replacement permit you may make the following changes to your permit:

- Enter the registration mark of your new vehicle in black or blue ink in the box "NEW REG. NO."
- Enter the date of this action in black or blue ink in the box "DATE".

This will validate the permit for a period of **ten days** to allow an application to be made. If you have a Visitor permit you can use, this can also ensure compliance while your resident permit is updated.

## CHANGE OF ADDRESS / PERMIT NO LONGER REQUIRED

If you move from your permit registered address, you should return your permits to Winchester City Council. Continued use of parking permits while no longer resident at the permit address may result in the issue of a Penalty Charge Notice.

If you move to another permit qualifying address, your permits should be returned to be transferred to your new address and parking zone. Proof of residency for your new address will be required. Replacement permits are issued free of charge.

If you move out of Winchester's permit parking area, you must return all your permits to Winchester City Council so they can be cancelled and the new residents of the address can apply for their own permits. You will receive a refund of the value for the unexpired period remaining on your permit(s) if the total value is £10 or more. Refunds are not available for unused scratchcard permits.

Refunds are made by way of cheque within 14 days of receipt of returned permit(s) and request for refund. Refunds will not be processed if there is no return of the permit(s).

## LOST PERMIT

If your annual resident or visitor permit becomes lost or damaged, you can apply for a duplicate to be issued. The existing permit will be made invalid upon issue of the duplicate. Any vehicle observed displaying an incorrect permit may be issued with a Penalty Charge Notice.

The fee for a duplicate permit is £10, however, a stolen permit may be duplicated free of charge if a valid police crime reference number is provided at the time of request for duplication. The duplicate permit declaration form can be downloaded online at [www.winchester.gov.uk](http://www.winchester.gov.uk) or requested by contacting Parking Services.

The issue of a duplicate permit is at the discretion of Winchester City Council. Duplicates are not issued for lost or damaged visitor scratchcard permits.

## OTHER RESIDENTS PARKING OPTIONS
