Hi Graham and Heather

I thought I would let you know your mother and Ann are "surviving" !  
Weather is a bit iffy -- sun and rain in equal proportions but still 22c plus each day

We had friends over for the day yesterday and had a lovely lunch here -- today we are going to other friends in the mountains for lunch.

Tomorrow -- off to Gibraltar

thursday -- my birthday - so another "do" here

It is just work,work,work !!

I note that Bournemouth airport is currently affected by volcano ash at present and I am keeping my fingers crossed that all will be well on monda next for their return

h  
Otherwise I will surrounded by women until all is clear !!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

On a more practical note --I hope all is working out ok for you both at Richard's.

I did mention to you that before we left to come back here that I had had the Electric and Gas meters read Your mum brought my mail out from England with her and that included these accounts.

The accounts covered the period up to 22nd April ( ie it includes a short period when I was living at no 2 after my return from Sri Lanka)

The Gas bill for the period was £456.18  
The Electric bill for that period was 226.28  
The bill for water and sewage (on past use for the winter period when I am always in Spain is £20 per month-  
- I only get an updated statement once a year  
in December each year -- I would guess that the house being occupied and water etc being used would,say  
double it per month -- ie ,say £40 per month-  
say, £120 for the 3 three month period)

That comes to £802

Could I suggest that the cost to you is £750 for your stay at No. 2 ,bearing in mind that you were not there after 10th April.

Please let me have your thoughts on this

As you know I am returning to UK on 26th May until 2nd April for Richard's surprise 60th birthday party -- please do not mention that to him !!

Perhaps we could catch with each other then.

cheers for now Eric

ps Your mother says to say --

"I'm Fine "
