Hi Liz

I spoke to my Client today

Matters are moving forward
As know I always try to keep you up to date

She told me --- she had spoken to Gerry Pride of your Building Control Department for advice on this matter.

He told her he would call on her next week and advise her on what was necessary to meet the legal requirements for both foul sand surface water drainage

When I know more following that visit I will get back to you

Hope that is OK with you

Best wishes [REDACTED]
