Dear Sue,

Thank you for your email. We have an existing open enforcement case for the area (15/00270/CARAVN) and the site has been visited regularly. Planning permission (16/00456/FUL) was granted for this site on 28<sup>th</sup> February 2017 (Change of use of land to a private gypsy and traveller caravan site consisting of 3 no pitches). However, Mr West's letter of 14<sup>th</sup> November 2016 refers to a planning permission already granted and I am not sure which site this refers to.

I didn't join WCC until early December so have no recollection of the original contact. However, I intend to visit the site in the near future (probably next week depending on other incoming calls) in order to see what is happening there.

Yours sincerely,

Brian Gravenor

Dear Julie

Please see attached correspondence from [REDACTED] received by Shedfield Parish Council.

Following receipt of the previous correspondence on 16 November 2016, Vicki Weston advised that she had asked enforcements to look into the site.

There is no address on the letter in order for us to respond and I do not appear to have received any follow up from enforcements.

Could you advise please?

Kind regards
