

Temporary timetable from 4th October 2021.

From Monday 4th October, there will be a temporary timetable in place for Winchester Park & Ride to make sure that the service can operate reliably. This change in timetable has been introduced due to driver shortages across the transport industry which are affecting Stagecoach's ability to deliver the current timetable.

Working with Winchester City Council, Stagecoach have proposed a reduced timetable which continues to meet passenger demand but offers a reduced frequency. Park & Ride buses will run every 10 minutes during peak hours & every 15 minutes during the day and passenger journeys will be closely monitored.

The timetable for peak buses will have more time to reflect recent traffic levels and to improve punctuality. There are fewer early buses from St Catherine's Car Park, reflecting the much higher number of passengers travelling from the South and Pitt Car Parks at this time of day.

We would reassure customers that Saturday journeys, are unaffected.

Updated times will also be available on the Stagecoach Bus App, website & real time information screens, where available at bus stops.

These changes are temporary and we aim to restore service levels again as soon as driver availability improves.
