

# 5 NORTH WALLS PARK PLAN: PICTURE BOARD

## FINAL

The following precedent images show how some of the concepts and ideas for the Park might look. They are not final designs. The numbers used correspond to the list of improvement ideas on Sheet 4

8 Drinking fountains to help reduce the number of single-use plastic bottles

12 Potential new bridge to increase access around the Park

8 Outdoor gym equipment to provide a range of physical & health benefits

6 Inspiring adventure play space where little kids & big kids could climb, slide, roll & run

17 Dipping platforms (net dipping) at river edge

17 Dipping platforms at river edge (information & net dipping only)

14 Attractive supporting stand for bicycles that also serves as a bollard

Not to Scale

10

Example path discrete distance marker

10

Perimeter track of self-binding gravel for a natural appearance

18 Wildflower patches would create lively feeding & nesting grounds for wildlife

18 Bug hotels could be part park art & part winter habitat for beneficial insects

4 Paddling area and place to feed the ducks

Wayfinding & interpretive signs coordinated across the Park with other items, eg. lighting & seating

3 Two-way facing benches could be linked to form long, linear seating areas

9 Kickabout area with goal posts

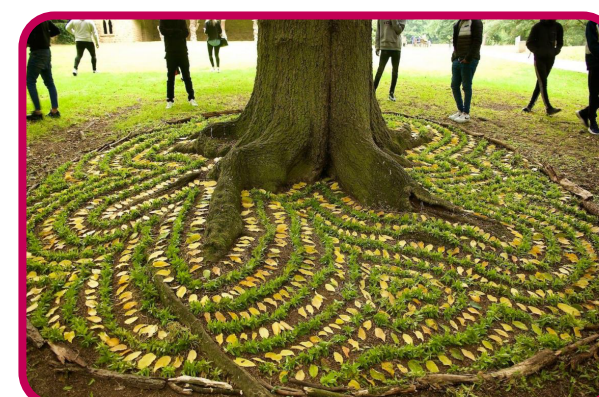

2 Multi-functional events area with interactive water jets / sprays

2 New permanent cafe & public toilets

1 A mobile coffee van for drinks & snacks/pop-up food stalls

11 Artwork low-key, based on the land & natural environment

1 Simple welcome sign in metal & timber

1 Simple, entrance feature that helps announce the park & generates a sense of city pride

5 Adventure play that provokes curiosity and stirs the imagination

6 Winding play structure

5 Skatepark enhancements & youth hub/equipment store

1 Simple welcome sign in metal & timber
