Important information

The Planning Inspectorate deals with over 20,000 appeals a year in locations all over England. We are experiencing a high demand on our resources and unfortunately this is causing a delays in dealing with our casework. We are putting measures in place to deal with the current delays including the recruitment of additional resources and the introduction of new working practices and hope to recover our position soon.

We are unable to respond to any queries on delays for specific cases. General information about average times is available [here](#). We would also ask you to use our appeals portal for submission of any required documents. This will ensure that all documents are associated with the correct case file. Sending document to us by email or post can lead to delays in the processing of your appeal.

We will write to you again when we are in a position to start the appeal.

Information about the appeals process can be accessed at GOV.UK - <https://www.gov.uk/government/publications/enforcement-appeals-procedural-guide>.

I recommend that you read the relevant guidance.

Yours sincerely,
