

Town and Country Planning Acts 1990
Planning (Listed Building and Conservation Area) Act 1990

LIST OF NEW PLANNING AND OTHER APPLICATIONS, RECEIVED AND VALID IN PARISH/TOWN WARD ORDER

WEEKLY LIST AS AT 5 February 2023

For Guidance

- 1 Those applications which have a **star** by them are FOR INFORMATION PURPOSES ONLY. Please see over for a list and description of application types.
- 2 If the **Grid Reference** is blank, this is because it is a property which is in the process of being entered on the Property Database for the District.
- 3 The Conservation Area only appears where the application is known to be in a **Conservation Area**.
- 4 Where the application has not been allocated to a case officer, "Team Manager " for the relevant area appears instead.
- 5 The **Publicity Period** is 21 days after the Site Notice Date or 21 days after a Press Advert date, where this has been made, whichever is the later. Applications may be determined after this date.

If you require any further information, please enquire at Main Reception, City Offices, Colebrook Street, Winchester, SO23 9LJ quoting the Case Number. We will then be able to give you the current status of the application. We are open Monday to Thursday 8.30am - 5.00pm, Fridays 8.30am - 4.30pm, excluding Bank and Public Holidays.

Case Officer: John Bartlett

Applicant: Mr Peter Wilkins

Proposal: The works are to remove vegetation to allow the construction of a new eel pass link the existing water course to the south of Station Road with the pond to the north of Stations Road.

These works are included in the planning application which is awaiting the sign off of the S106 agreement.

The Planning Case Officer is Rose Chapman, Planning Reference 17/02075/FUL. Rose Chapman is aware of this Notification.

This s211 notification is being submitted separately to allow treeworks to commence prior to the sign off of the S106 agreement. We would be very happy to meet on site to discuss the proposed works.

The vegetation removals are necessary to allow clearance for the proposed excavation works and to allow works to be undertaken as per the archaeologist's method statement and watching brief, which requires the grading and benching back of excavated areas.

The vegetation removals includes removal of an area of semi-mature goat willow within the land to the south of Station Road, removal of a section of row of semi mature Thujas to the southern side of Station Road and heavy reduction of 4 ivy covered poplar stems to approximately 1.5m, and removal of an area of declining semi-mature ash trees with ash dieback disease to the northern side of Station Road on the southern bank of the pond. See Attached Plans and Photographs for details of the proposed works.

The treeworks will be undertaken under direct ecological supervision.

The ground works are being undertaken under direct supervision by the archaeologist and ecologist.

All tree works will be undertaken by suitably qualified and insured treeworks contractors.
