And loss of Food Supply (BIS Foresight Report 2011 forecasts world Population increase from 6 Billion to 9 Billion, needing over 70% food supply increase – UK imports about 60% food, and Russia/Ukraine wheat harvest failure removed 25% of the world wheat market.

UK needs farmland for food, and Agriculture earns more of UK GDP than Construction does (source ONS statistics).

And Flood Risk – Barton Farm Flooded within 12 years, and Tewkesbury cost UK over £3 Billion.

WCC Joint Core Strategy is UNSOUND – housing numbers are too high and exceed both need and ability to deliver.
