

# YOUR WASTE AND RECYCLING COLLECTION DAY CALENDAR

September 2023 – September 2024

# Your refuse, recycling, kerbside glass and garden waste collection day calendar September 2023 – September 2024

## September 2023

Thursday 28

Please put out the appropriate container at the edge of your property boundary, avoiding blocking the pavement, by 6:30am on the day of collection.

### All Collections

Please note: If your collection is missed, report it on-line at [winchester.gov.uk/waste-recycling](http://winchester.gov.uk/waste-recycling), and leave your bin out. We can only return to pick up a missed collection if it is reported by 12 midday the next working day following your collection - it takes time to process the report to the crews and then for them to coordinate collection.

### Recycling Collections

Additional dry recyclable materials that cannot fit inside your bin can be collected if placed in a clear bag or cardboard box next to your recycling bin on collection day. The bag needs to be clear so the crews can see the contents

### Electrical and battery recycling

Small electrical items can be left in a plastic carrier bag and placed on top or alongside your bin every week. Household batteries can be secured in a small, tied plastic bag and left on the lid of your bin every week.

### Glass Collections

Once every four weeks when your glass is due for collection, please place your Winchester City Council glass recycling container alongside your green recycling bin. To ensure your box is emptied, remember not to overfill it and only use it for clean glass bottles and jars without tops/lids. Overfilling can cause breakages, making your neighbourhood unsafe.

### Paid for Garden Waste Collections

Your garden waste service will be suspended over Christmas and New Year so that crews can be deployed to assist the core refuse vehicles during this especially busy period. Your last garden waste collection will be during the week commencing 18th December 2023 and will recommence on 8th January 2024.

### Recycling Christmas Trees

We can collect real Christmas trees from all properties. Please remove from the pot and strip it of all decorations and tinsel. Place your tree out on the garden waste collection day of the weeks commencing 8th and 15th January 2024. Large trees over five feet tall will need to be cut into smaller pieces to enable them to fit in the collection vehicle. Trees with a trunk diameter in excess of 7.6cm (3 inches) will not be accepted.
