YZ	Winchester	Winchester	Victoria Hall	Victoria Hall	1147		2	no change

**NOTE: \*** Initial changes are proposed by the ARO, but further different proposals may be included in the final report.

**GRADINGS: \*\***

Grade 1 The polling place is conveniently located for the majority of electors, there is direct disabled access into the building/room used for polling, the room itself is suitable in terms of space, light etc. and there are reasonable facilities for staff.

Polling District	Current Parliamentary constituency	New Parliamentary constituency	Existing Polling Place	Proposed polling place	Electorate July 2023	initial comments from ARO	Grade **	Initial changes proposed by ARO *
------------------	------------------------------------	--------------------------------	------------------------	------------------------	----------------------	---------------------------	----------	-----------------------------------

Grade 2 The polling place is good in most respects, but one or two of the elements set out for Grade 1 are adequate, rather than good. Disabled access can be achieved, although not always with the same ease as Grade 1 polling places (e.g. disabled access may be through a side door which, in some cases, can be made the main entrance for polling day).

Grade 3 The polling place is less than adequate in most respects and may well only be used because of a lack of alternatives. Convenient disabled access is either very difficult or not possible without major alterations.
