

Town and Country Planning Acts 1990
Planning (Listed Building and Conservation Area) Act 1990

LIST OF NEW PLANNING AND OTHER APPLICATIONS, RECEIVED AND VALID IN PARISH/TOWN WARD ORDER

WEEKLY LIST AS AT 14 January 2024

For Guidance

- 1 Those applications which have a **star** by them are FOR INFORMATION PURPOSES ONLY. Please see over for a list and description of application types.
- 2 If the **Grid Reference** is blank, this is because it is a property which is in the process of being entered on the Property Database for the District.
- 3 The Conservation Area only appears where the application is known to be in a **Conservation Area**.
- 4 Where the application has not been allocated to a case officer, "Team Manager " for the relevant area appears instead.
- 5 The **Publicity Period** is 21 days after the Site Notice Date or 21 days after a Press Advert date, where this has been made, whichever is the later. Applications may be determined after this date.

If you require any further information, please enquire at Main Reception, City Offices, Colebrook Street, Winchester, SO23 9LJ quoting the Case Number. We will then be able to give you the current status of the application. We are open Monday to Thursday 8.30am - 5.00pm, Fridays 8.30am - 4.30pm, excluding Bank and Public Holidays.

Date Valid: 10 January 2024		Comments by:
		Decision due: 21 February 2024
		Case Officer: John Bartlett
Applicant: Julia Page		
Proposal: T1 is an Ash tree, affected by die back displaying typical signs of ash die back, with vertical epicormic shoots, and in a poor condition due to loss of large diseased branches. This tree is surrounded by other healthy mature trees including lime and copper beech, and smaller specimen trees below, which are being damaged by the falling debris. T2 is an Ash tree affected by die back, also typical epicormic shoot signs and recently multiple broken limbs. This tree is adjacent to a footpath. T3 is a Horse Chestnut, badly affected by canker and now in a very poor state. During the latest storms two huge limbs have fallen off, and the main trunk is rotten and split. All three trees have been retained as long as safely possible but they now have a very poor appearance and we are concerned about safety in view of the auto amputation of large limbs. The proposal is to safely fell and dispose of all three trees. We have many remaining trees and so the overall aesthetics of the area will be maintained, indeed improved by the removal of the diseased T1, T2, T3
