

FOI REF:	14357
RESPONSE SENT:	20/06/2024

Request:

Can you provide a breakdown of how much the council has spent on temporary accommodation in each of the last five financial years up to 2024 (2019/20-2023/24), broken down by provider. By provider I mean the company contracted to provide this accommodation (of any type - hotel, b and b, caravan, private rented sector etc) to the council as part of its housing duty. If the council has procured this accommodation from more than 5 providers in any given year, can you limit your search to the 5 companies that have received the most funding from the council.

Response:

WCC own and manage its' own temporary accommodation stock and therefore we do not contract any companies to provide temporary accommodation. We do use hotels for emergency placements (usually out of hours for a couple of nights only) and I have therefore broken down the cost these.

2023/24 - £12,437.24 – Travelodge

£130.00 – Days Inn

2022/23 - £21,251.58 – Travelodge

£112.25 – Days Inn

£210.35 – Premier Inn

2021/22 - £5,307.73 - Travelodge

2020/21 - £1,400 – Claremont Guest House, Southampton

£3,200 – Mercure Hotel

£1,337.70 – Travelodge
