Dear [REDACTED]

**Re: Purbrook Heath Farm, Purbrook Heath Road, Purbrook, Waterlooville, Hampshire,

I visited your business on 23rd February 2024 and undertook an inspection to check your compliance with food safety legislation.

It was disappointing to note the conditions found were not to an acceptable standard and therefore your business has been rated as 0 – Urgent Improvement Necessary on the National Food Hygiene Rating Scheme.

Please find enclosed an Action Plan which details the work you must undertake to achieve compliance with food safety legislation.

I have specified the timescales in which you must achieve compliance. However, if you cannot comply within the timescale you must contact me at the earliest opportunity. (I appreciate a number of the items have already been carried out.)

Yours sincerely
