

<b>OI REF:</b>	15155
<b>RESPONSE SENT:</b>	21/01/2025

### Request

Under the Freedom of Information Act, I would like to request the following information.

I would like to receive the contamination rates for household waste processed by the council/local authority from April 2023 until the most recent available data update.

Primarily this should include how much household waste is taken for recycling purposes and then how much of this waste is in fact recycled.

This should also include how much household waste is sent for incineration and/or landfill.

If possible, I would like to receive this data in a CSV format, with clear date timelines.

If it is not possible to provide the information requested due to the information exceeding the cost of compliance limits identified in Section 12, please provide advice and assistance, under the Section 16 obligations of the Act, as to how I can refine my request.

If you have any queries please don't hesitate to contact me via email or phone and I will be very happy to clarify what I am asking for and discuss the request, my details are outlined below.

### Response

The data for all local authorities, which is validated is published by the government on the following link and provides comparable validated data for all local authorities.

[Local authority collected waste management - annual results - GOV.UK](#)

The data for 23/24 is due to be published shortly, and you should approach the government for updates on progress with this publication.
