

<b>FOI REF:</b>	15622
<b>RESPONSE SENT:</b>	22/05/25

## Request

Last year the government wrote to all councils to ask them to carry out checks of all funeral homes in their area. I understand that it was largely environmental health teams who carried out this work.

Please can you tell me:

- if the council has completed these checks
- where any concerns about specific funeral homes were identified please provide a summary of the concern and the name of the business

## Response

- yes, the checks were completed in June 2024
- no contraventions were identified
