Request

Under the Freedom of Information Act I would like to request the following information.

The data is required for all tenure types, including Council owned properties.

Could you please provide the number of adaptations completed by the Council each year for disabled and older people across all housing tenures? This should include properties owned by the Council, so it may require input from multiple departments depending on how the services are managed.

Specifically, I'm interested in:

- Adaptations completed using Disabled Facilities Grants (or similar funding)
- Similar adaptations managed by the Council on behalf of individuals who self-fund the work.

Data required for the following years

- 2022-2023
- 2023-2024
- 2024-2025

For the following years, how many of the above adaptations involved the removal of a bathtub and the installation of a level access shower?

- 2022-2023
- 2023-2024
- 2024-2025
