

FOI REF:	15379
RESPONSE SENT:	25/03/25

## Request

This is an information request relating to RAAC concrete repairs in all non-residential council-owned buildings.

Please include the following information:

- The total number of on-residential council-owned buildings constructed with RAAC that are owned or managed by the council.
- The number of these buildings that are currently in need of repairs or maintenance due to issues with RAAC broken down annually by these financial years 2021/22, 2022/23, 20223/24, 2024/25.
- The total cost to taxpayers for repairing or addressing the safety concerns related to RAAC in these buildings, including both ongoing and completed projects, broken down annually by these financial years 2021/22, 2022/23, 20223/24, 2024/25.
- Any plans or strategies the council has in place to address the issues related to RAAC, including projected costs and timelines for repairs or replacements.

## Response

The Council does not own any commercial buildings construction with RACC
