

FOI REF:	16362
RESPONSE SENT:	15 th December 2025

Request

I would like to make the following request under FOIA:

All questions apply to calendar years of 2023, 2024 and 2025:

How many households in private rented properties have approached the council to report disrepair in their homes? How many inspections have been completed in private rented properties by the council? How many enforcement/improvement notices have been served by the council because of these inspections? Were any demolition orders made by the council subsequently because of these investigations? Does the council have any further comments to make regarding these figures?

If the request will take too long, which I don't believe it will, please fine tune what changes should be made to the questions to fit within section 12 of the FOIA.

I look forward to hearing from you.

DATE	General Disrepair complaint in private rented property	Inspections carried out	Enforcement following inspection	Demolition Orders	Further comments
2023 - 2024	8	5	1	0	N/A
2024 - 2025	8	7	4	0	N/A
