

FOI REF:	16461
RESPONSE SENT:	17/12/2025

Request

I am writing to request, under the Freedom of Information Act, an Excel spreadsheet containing details of all contracts due to expire within the next 12 months. Specifically, I would like the spreadsheet to include the following information for each contract:

- Contract reference number
- Contract name
- Start date
- End date
- Any extensions granted
- Contract value
- Winning bidder

List of all other bidders who participated in the original tender process

Response

Please use this link [[Transparency Publication & Contracts Register - Winchester City Council](#)] to access the Winchester City Council contracts register which includes an Excel file which you can use to filter the data as you may wish. The following fields are not recorded in the register: Contract reference number, extensions granted, list of bidders who participated in the procurement exercise. To obtain this information would exceed 20 hours work and would become a chargeable activity.
