### **Request**

I am requesting the following information regarding planning applications determined by the Winchester City Council Planning Committee between January 1, 2018, and December 22, 2025.

1. Case Officer Recommendations: For every application heard by the Planning Committee, please provide the original recommendation (e.g., Permit or Refuse) made by the case officer in the committee report.
2. Committee Decisions: The final decision reached by the Planning Committee for each of these applications.
3. Individual Voting Records: A record of how each individual councillor present at the committee voted (For, Against, or Abstain) for each application.

I am interested in major developments of two or more houses only where the applicant is a property developer not a private individual.
