

FOI REF:	16737
RESPONSE SENT:	11/03/26

Request

Please could you provide the following information relating to your organisation's energy usage:

1. Copies of electricity and gas bills (or a summary equivalent) for the most recent 12-month period available.
2. Total annual electricity consumption (kWh) for the same period.
3. Total annual gas consumption (kWh) for the same period.
4. Total annual cost (?) for electricity and gas, separately if available.
5. The name of your current energy supplier(s).
6. The contract end date(s) for electricity and gas supply.

If providing copies of bills is not possible, a summary of the above information in spreadsheet or PDF format would be sufficient.

If you consider any of the information exempt, please specify the exemption relied upon and provide any information that can be disclosed.

Response

Good afternoon,

Please see answers to your questions below:

1. Given the large size of the energy portfolio, we cannot provide individual monthly bills for a 12-month period. Instead, please see below summarising Winchester City Council electricity and gas cost and consumption data. The 12-month period used is calendar year 2025.
2. The annual electricity consumption for 2025 is 2,222,068kWh.
3. The annual gas consumption for 2025 is 2,514,538kWh.
4. The annual electricity cost is £765,286. The annual gas cost is £168,326. The total energy cost is therefore £933,612.
5. Winchester City Council procure energy through the LASER Framework. The electricity supplier is Npower and the gas supplier is Total Energies.
6. Under the LASER Framework, the Council are in contract until 31/03/29.
