

FOI REF:	16480
RESPONSE SENT:	13/01/26

Request

Please could you help with my requests?

- Who does the authority partner with to purchase their cyber security solutions?
- Which supplier provides the authority's endpoint solution software?
- When is the current renewal date for the authority's endpoint solution software?
- Does the authority carry out penetration tests and if so, when was the last test carried out?

I am keen to understand the security in place at the authority to protect citizen's data.

Response:

1. Fortinet / Microsoft / Sophos
2. All the above
3. Fortinet – May 2028 / Microsoft – Feb 2028 / Sophos – Dec 2026
4. Yes – February 2025
