Purpose

This policy sets out Winchester City Council Housing Services' approach to preventing, responding to, and resolving Anti-Social Behaviour (ASB) and Neighbourhood Nuisance. It should be read alongside the Housing Services Anti-Social Behaviour Procedure.

This Policy is implemented through the Housing Services **Anti-Social Behaviour Procedure (2026–2029)**, which provides operational guidance for staff in reporting, triaging, investigating, and resolving ASB cases.

The policy distinguishes between Anti-Social Behaviour requiring formal intervention and Neighbourhood Nuisance or lifestyle differences, which can often be resolved informally through early intervention and Good Neighbour Agreements or Acceptable Behaviour Agreements (ABAs).

Scope

This policy applies to all tenants, their household members, and any visitors to their home, whether they are the victim or the alleged perpetrator of Anti-Social Behaviour (ASB).

Where the victim or alleged perpetrator is not a Council tenant or connected to a Council tenancy, we will signpost or refer the matter to the Community Safety Team or other appropriate agencies.

This policy also applies to Housing Services staff, contractors and partner agencies involved in ASB case management. Staff, contractors, and partner agencies should follow the operational steps outlined in the ASB Procedure when handling reports of ASB.

Policy Statement

Winchester City Council's Housing Services is committed to:

- Ensuring all residents can enjoy their homes and neighbourhoods in peace and safety.
- Preventing and addressing ASB to protect tenants, staff, and the wider community.
- Taking a victim-centred, proportionate, and fair approach to tackling ASB.
- Supporting tenants and residents to resolve minor issues informally where possible, including through Assessment, Mediation or Good Neighbour Agreements / Acceptable Behaviour Agreements (ABAs).
- Working in partnership with police, health and support teams to promote tolerance, respect, and understanding between neighbours.
- Ensuring proportionate, evidence-based, and legally compliant responses.
- Ensuring compliance with the Regulator of Social Housing Consumer Standards, Tenant Satisfaction Measures (TSMs), and the Housing Ombudsman Complaint Handling Code.

Understanding Anti-Social Behaviour (ASB)

Definitions

Anti-Social Behaviour (ASB) is conduct that causes, or is likely to cause, harassment, alarm or distress, or which creates conduct capable of causing nuisance or annoyance to a person in relation to that person's occupation of residential premises.

Not all behaviour that causes concern is ASB. These fall into Neighbourhood Nuisance or Lifestyle Differences.

Neighbourhood Nuisance or Lifestyle Differences are behaviours that may be annoying, inconvenient, or unpleasant but do not meet the legal threshold for ASB unless persistent, deliberate, or malicious.

The following **are** treated as ASB:

- Harassment, intimidation, bullying, or stalking
- Threats or acts of violence
- Hate incidents and hate crimes - targeting someone because of race, disability, religion, gender, or sexuality
- Persistent and excessive noise that disrupts daily life (e.g. loud music at night)
- Drug use, supply, or dealing in or near a property
- Criminal damage, graffiti, or vandalism
- Using a property for illegal purposes (e.g. storing stolen goods, prostitution, or organised crime)

These behaviours may lead to enforcement action, including injunctions, possession proceedings, working in partnership with relevant partner agencies, including the Police and health services.

Examples of issues **not** normally ASB:

- Cooking smells from nearby homes
- Noise from babies crying or children playing
- One-off parties or normal household noise such as doors closing, going up and down stairs or people talking.
- Bonfires (Housing Services will refer to environmental health guidance if persistent or toxic)
- DIY, noise of a vacuum cleaner or washing machine or gardening during reasonable hours
- Parking disputes (unless linked to threats, harassment, or repeated obstruction)
- Differences in lifestyles, working hours, or cultural practices
- Staring or 'dirty looks'
- Littering and dog fouling
- Resident CCTV or smart doorbells (unless installed or used in a way that is intrusive, targets individuals, or amounts to harassment)
- Social Media posts or text messages (unless persistent online harassment or threats directed towards neighbours, other residents, staff, or people connected to the locality of the property)

As a landlord, we will not usually intervene in these types of issues, as they are generally considered clashes of lifestyle.

Wherever possible, we encourage residents to resolve such matters in a reasonable, adult manner through respectful conversations with their neighbours.

These issues are best resolved informally between neighbours, please refer to the Neighbour Nuisance Policy.

Examples of where we will **not** act.

- The alleged perpetrator is not a tenant, household member or a visitor to one of our properties (in these instances, we will signpost/refer to our Community Safety Team).
- There is not enough evidence or support from victims or witnesses.
- We believe the complaints are malicious after investigation.

ASB Case Review (also known as the Community Trigger)

The ASB Case Review gives victims and communities the right to request a formal multi-agency review when they believe their reports of Anti-Social Behaviour (ASB) have not been adequately addressed.

If you believe your case has not been handled effectively by Housing Services, you are entitled to request an ASB Case Review. This can be activated through the Community Safety Team webpage. The full process is detailed in the ASB Procedure.

Resident Involvement

This policy has been developed and will continue to be reviewed in consultation with tenants, in line with Winchester City Council's Tenant Partnership and Influence Plan.

Feedback gathered through surveys and focus groups contributed to this final version. A summary of consultation feedback and responses is available on request

For further information on how to be involved please visit our webpage.

Winchester City Council Complaints Policy

Complaints will be handled in line with Winchester City Council's Housing Complaints Policy and the Housing Ombudsman Complaint Handling Code, which set out a clear, fair, and accessible process for resolving complaints.

In line with the Housing Ombudsman Complaint Handling Code (2024) you can make a complaint in any of the following ways:

- By completing the online complaints form
- By email to: customerservice@winchester.gov.uk
- By telephone: 01962 848 400
- In writing to: Winchester City Council, Colebrook Street, Winchester, SO23 9LJ
- By speaking directly to any council officer

If you remain dissatisfied after our response, you can escalate your complaint to the **Housing Ombudsman**, an independent service that reviews housing complaints across England. We aim to make the complaints process straightforward, fair, and transparent.

Recording and Information Management

When you report a problem, we record it on our secure housing case system.

We only collect, use, and share information that is relevant, necessary, and proportionate, as per the ASB Procedure.

We follow the Data Protection Act 2018, UK GDPR, and the Council's Data Protection and Privacy Policy.

Sometimes we work with other agencies (for example, the police or support services). We will only share your information with them if it is safe, legal and will help protect people or resolve the issue.

Performance Monitoring and Learning

We regularly check how well we are supporting safe and happy neighbourhoods by looking at:

- Tenant Satisfaction Measures (TSMs) especially how safe residents feel in their neighbourhood.
- How quickly, fairly, and effectively we deal with cases and outcomes.
- Annual reports on ASB performance and learning will be shared with senior management and tenant panels.
- Feedback, complaints and compliments from residents.

We learn from every case. If something could be done better, we share that learning with staff and update our ways of working.

We also review complaints and decisions from the Housing Ombudsman to make sure we follow best practice.

Staff must record and monitor case outcomes as detailed in the ASB Procedure to inform continuous service improvement.

Equality and Safeguarding Considerations

Everyone has the right to be treated fairly and feel safe at home. We will ensure reasonable adjustments are made for residents with additional needs or vulnerabilities.

Please refer to our Corporate Equality, Diversity and Inclusion Policy for full details.

We follow the Equality Act 2010 and make sure we consider people's individual needs and circumstances, whether they are victims, witnesses, or accused of Anti-Social Behaviour (ASB).

We only take legal or formal action when it is fair and proportionate to do so.

If we think anyone (adult or child) is at risk of harm, we will always put their safety first and follow the Council's Safeguarding Policy.
