

<b>FOI REF:</b>	17207
<b>RESPONSE SENT:</b>	08/06/26

## Request

Under the Freedom of Information Act 2000, I kindly request information.

1. What Built Environment (Planning, Building Control, and Land Charges) digital System does your council currently use?
2. Are there any known limitations or challenges within your current Built Environment System (eg usability, reporting, integrations, configurability), if so, what?
3. When does the current contract for your Built Environment System expire?
4. What is the total contract value of your current Built Environment system (including any extensions)?
5. In light of the upcoming Local Government Reorganisation, has the council undertaken (or does it plan to undertake) any review, consolidation, or replacement of systems used within Built Environment services? If so, please provide details of the scope, expected timelines, and whether this activity is anticipated to be delivered within the first 12 months of reorganisation or as part of a longer-term (e.g. 3-year) plan.

## Response

1. Planning – Idox Uniform; Building Control - Idox Uniform
2. No limitations as far as IT are concerned
3. Contract expiry - 31/03/28
4. Total contract value - £183,472
5. As we are not due to move to the new Unitary Authority until 2028 no work has started yet. The LGR workstreams are currently being planned and agreed and until that is up and running and the new authority formed, no conversations in the detail will be happening anytime soon.
