Request

1. How many supported accommodation providers are currently operating in your area?
2. What is the average weekly rent paid per room for supported exempt accommodation?
3. Who should be approached within the council to discuss commissioning, service provision, rates, and referrals?

Response

1. There are 7 supported accommodation providers currently operating in our area.

2. The average weekly rent paid per room for supported exempt accommodation is £211.62 per week

Please note that the data above for question 1 and 2 is derived from Housing Benefit records and relates solely to exempt accommodation; it does not include all categories of Specified Accommodation.

We are unable to confirm whether there are additional supported accommodation providers operating in the area that are not recorded within the Housing Benefit data.

3. The Strategic Housing Service Lead or Strategic Housing Manager can be approached within Winchester City Council to discuss commissioning, service provision, rates and referrals. Hampshire County Council would need to be approached if it is for a certain client group with adult social care involvement.
