

FOI REF:	17436
RESPONSE SENT:	14/07/2026

Request

I would be grateful if you could provide the following information relating to the Council's street cleansing fleet and operations:

A list of all road sweepers owned or leased by the Council with a GVW of under 4 tonnes, including make and model.

For leased sweepers, the lease start and end dates (month and year only).

For owned sweepers:

Year purchased.

Planned replacement date or details of any fleet renewal programme.

Confirm whether street cleansing services are carried out in-house or by a contractor. If contracted out, provide the name of the contractor.

Response

The city councils street cleansing services are carried out by a contractor IDVerde, and you would need to contact them in respect of the vehicles that they operate.
