

FOI REF:	17525
RESPONSE SENT:	10/08/2025

Request

Please can you tell me how many CCTV cameras the council operates and how many of these are produced by Chinese companies.

Please can you show this as two figures.

Please also provide the total number of the council's CCTV cameras that use either live or retrospective facial recognition and how many of these are produced by Chinese companies.

Response

The council currently has (145) Public Space CCTV cameras, none of which are produced/manufactured by Chinese companies (0).

Winchester City Council does not operate any facial recognition equipment.
